

## **Chapter 7**

### **ADOPTION, IMPLEMENTATION, MONITORING**

#### **Adoption**

The Jaffrey Selectmen by majority vote officially adopted the *Jaffrey Hazard Mitigation Plan Update 2015* on August 12, 2015. The formal Adoption is on page 7-3.

#### **Implementation**

There were 18 mitigation projects that were prioritized by the Committee. For each project the Committee identified who, when and how they would be implemented. Please refer to the "Action Plan" in Chapter 6 for a description of the timeframe and persons or departments responsible for implementation of the Prioritized Projects.

It will be the future responsibility of the Emergency Management Director to ensure implementation of these Prioritized Projects.

#### **Monitoring & Updates**

The *Jaffrey Hazard Mitigation Plan Update 2015* should be reviewed and evaluated annually; and formally updated every five years. The Emergency Management Director is responsible for initiating this review and needs to consult with members of the Jaffrey Emergency Management Committee, in order to track progress and update the Prioritized List in Chapter 6. The EMD will ensure the following:

- The Hazard Analysis will be evaluated for accuracy.
- Projects completed will be evaluated to determine if they met their objective.
- Projects not completed since the last updated will be reviewed to determine feasibility of future implementation.
- Lastly, new projects will be identified and included in future updates as needed.
- The public, members of the Committee, surrounding communities, businesses, academia, State agencies and non-profit agencies, will continue to be invited and involved during this process. These groups can be notified through invitations, public notices, newspapers articles, brochures and/or other public outreach activities.
- In keeping with the process of adopting the Jaffrey Hazard Mitigation Plan Update 2015, a public hearing to receive public comment will be held. This will require the posting of two public notices.
- Updates to the *Plan* may be adopted subsequent to a public meeting or hearing by the Jaffrey Board of Selectmen.
- Once every five years, the EMD will submit an updated plan to FEMA for approval.
