

Town of Jaffrey Cemetery Committee

Next Meeting: None scheduled

Agenda

Notes on the Meeting of 8 December 2010

The following met at 1pm at the Town Office Building: Cynthia Hamilton, Randy Heglin, Don MacIsaac, Tom Rothermel, Rob Stephenson and Kevin Sterling.

The purpose of the meeting was to discuss issues related to the sale of cemetery lots at Cutter Extension Cemetery.

Some surveying has resulted in steel pins being placed at certain corners of Blocks A and B. Individual lot corner markers have been placed in the easterly part of Block B, Section 1.

Presently, several lots have been sold and there has been one interment.

In order to allow for more purchase options and to set the precise pattern for more detailed future lot surveying, it was proposed to recommend the following:

- Survey in 2011 the remainder of the cemetery as laid out in plan at a detail necessary to place underground pins at all Block and Section corners.
- Once corner pins have been set, place surface markers for the following lots:
 - Numbers 1-75 (Block A, Section 1);
 - Numbers 1-105 (Block B, Sections 1 & 2);
 - Numbers 1-87 (Block C).
- Once these have been set, open these areas for lot sales.
- Develop a policy for the future opening of areas for lot sales (see attached).

Randy reported on the removal of dead, overgrown or unsightly shrubs at Conant. These have been photographed and tagged for removal, probably in later spring 2011.

No future meeting date was set.
