

# Conservation Commission Minutes - Draft

**April 27, 2011**

In Attendance: James Bearce

Nora Barton Bryant

Carolyn Garretson

Patricia Weiner

Absent: Michael George

William Graf

Ron Rogstad, Alternate

Kathy Batchelder, Selectboard Representative

I. The meeting was called to order at 7PM. Pat Weiner was appointed scribe for the meeting.

II. Mail was reviewed by CG.

III. CG will extend an invitation to our next meeting to a possible applicant to the Conservation Commission.

III. Discussion was led by CG regarding a request to the Monadnock Conservancy for assistance with the preparation of Jaffrey's Conservation Plan. This will be revisited for additional discussion and decision when all members are present.

IV. CG presented the Treasurer's report.

V. NBB reviewed the recent "Saving Special Places" session she had attended.

VI. CG and PW reviewed the recent Monadnock Conservancy open space sessions they had recently attended.

VII. JB advised that Jeff Littleton is awaiting a date to coordinate the Grey Goose Spring survey. After discussion, it was decided that JB will request May 9 as the survey date.

JB also reported that he had encountered too much snow in March to determine the amount of cleanup necessary in the Cheshire Pond Conservation area. There was evidence of ATV activity. Although posting is not necessary to indicate that ATV activity is illegal in the area, JB will post anyway to emphasize this point.

The meeting was closed at 9:05 P.M. The next regular Conservation Commission Meeting will be held May 25, 2011 at the Town offices.

Respectfully submitted,

Patricia Weiner
